

# KAISER STOP DRAINING SAN FRANCISCO TAX PAYER DOLLARS

While SF employees and their families are using fewer medical services, Kaiser Foundation Health Plan is demanding more money to protect profits. We say "Enough!"

## WE SAY NO TO KAISER PRICE GOUGING WE SAY YES TO FUNDING SF SERVICES

### WE SAY NO TO KAISER PRICE GOUGING.

**S**an Francisco Health Service System Board reports that city employees are utilizing less healthcare services but Kaiser wants SF taxpayers to pay an unjustified 5.25% rate increase. The price tag -- an estimated \$15 Million. That's \$15 million dollars that should be used to improve our City -- not to pad Kaiser profits!

While SEIU 1021 members struggled and made sacrifices to get through the recession, Kaiser banked over \$2 billion in profits last year. That's billions in profits while union members, taxpayers, and residents suffered cuts in wages, benefits, and city services.

The City, its employees, and taxpayers paid \$87 million more than it cost Kaiser to deliver health care to members from 2010 through 2012.

All city employee unions and the SF Labor Council are united in opposition to Kaiser's proposed rate hike. **SF Taxpayers can't afford Kaiser's price gouging.**

### 3 WAYS YOU CAN HELP HELP RESCIND THE RATE INCREASE.

**1** Call YOUR Board Of Supervisor and tell them to deny Kaiser's \$15 million unjustified rate increase:  
**(415) 554-5184**

**2** Send the following message to **Bernard Tyson, Kaiser's new corporate CEO**: Mr. Tyson, Kaiser is supposed to help us thrive, not add to our economic problems by price gouging. Our better health and lower utilization must lead to lower rates, not to padding your \$2 billion in annual profits. We are calling on you as Kaiser's new CEO: share the savings and rescind the rate increase! Email him:
